

Serial No. 10/786,212  
Docket No. KET-NDIS-1

## **DECLARATION, POWER OF ATTORNEY AND PETITION**

We, John W. Olney, Ronald E. Harbut, Graeme E. Correll, and Patrick

D. Kelly, hereby state that we are citizens of the United States of America (Olney, Harbut and Kelly) and Australia (Correll) and residents of the cities listed below next to our signatures, and that we verily believe we are the original, first, and joint inventors of the subject matter which is claimed and for which a patent is sought on the invention or discovery entitled **PROLONGED ADMINISTRATION OF NMDA ANTAGONIST DRUG AND SAFENER DRUG TO CREATE IMPROVED STABLE NEURAL HOMEOSTASIS**, as described and claimed in a U.S. patent application which was filed on February 26, 2004 and which was given U.S. serial number 10/786,212; that we have reviewed and understand the contents of the above-identified specification, including the claims; that we do not know and do not believe that the same was ever known or used in the United States of America before my invention thereof, or patented or described in any printed publication in any country before my invention thereof or more than one year prior to this application; that the same was not in public use or on sale in the United States of America more than one year prior to this application; that we acknowledge our duty to disclose information of which we are aware which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations, section 1.56(a).

We claim the benefit under Title 35, United States Code, section 119(e), of prior United States patent application 60/449643, filed on February 23 2003.

We further declare that the invention has not been patented or made the subject of an inventor's certificate issued before the date of this application in any country foreign to the United States of America on an application filed by us or our legal representatives or assigns more than twelve months prior to this application.

We further declare that all statements made of our own knowledge are true, and that all statements made on information and belief are believed to be true, and that we have been warned that willful false statements and the like are punishable by fine or imprisonment or both, under 18 U.S.C., 1001 and may jeopardize the validity of the application or any patent issuing thereon.

We hereby appoint Patrick D. Kelly, USPTO Reg. No. 30,650, with a mailing address of 11939 Manchester #403, St. Louis, MO 63131, as our attorney, with full power of substitution and revocation, to prosecute this application and to transact all business connected therewith in the United States Patent and Trademark Office, and in any patent office of any other nation, state, or organization.

WHEREFORE, we pray that Letters Patent be granted to us for the invention or discovery described and claimed in the foregoing specification and claims, declaration, power of attorney, and this petition.
